There many hundreds of other Islamic financial foundations in Australia, South America, and Europe as well

Congratulations to Mr. President Obama and Mrs. Hillary Clinton for such unintelligent administration they have done. It is no wonder that Hezbollah, Hamas, Al-Qaida have thousands of bombs and rockets to kill innocence people all over the world!!

People are wondering if these institutions have anything to do with supporting and transferring funds for such terrorist organizations directly or indirectly.

Iranian people will not allow the Islamic mafia again to destroy their father land anymore.
